SPONSORSHIP FORM

There are 33 wild camels at the Wild Camel Breeding Centre at Zakhyn Us in Mongolia. The Centre is 1500 miles away from Ulaan Baator, the capital of Mongolia and the Wild Camel Protection Foundation employs three members of staff.

Every year a new crop of young calves is born and we are looking for sponsors to help provide the winter hay and veterinary attention these young camel calves need. Hay is a very costly item, which has to be found near Ulaan Baator each year to enable the captive camels to survive the harsh winter where the thermometer can reach -40 degrees Celsius,

You are invited to sponsor a wild camel calf for £500 per year, either as a one-year donation, a £2,500 five-year donation or as a multiple of £500 up to five years.

Full Name and Title:-----

Address: -----

I understand the Wild Camel Protection Foundation is asking sponsors to donate money to the captive wild camel breeding programme. The money will be used to cover the costs of the Hunter Hall Wild Camel Breeding Centre in Mongolia.

I pay tax in the UK and would like the Wild Camel Protection Foundation to GIFTT AID this donation and any subsequent donation I may make in the future. YES/NO-----

I would like a photograph of my camel calf. YES/NO-----
